A great big THANK YOU for all that helped support the PTA hot lunch program last year. More than 525 kids participated and almost 100 parents volunteered to help serve lunches, check in children, and organize daily service. It really does take a village...or two!

[Your participation helps raise money for the PTA.](#) With these funds the PTA is able to continue supporting valuable programs, including field trips, parent education workshops, fine arts support, outdoor education, classroom supplies and beautification and landscaping projects, among others.

If you haven't already, please consider joining our hot lunch volunteers this year. It's a really fun way to participate in our child's education. Contact Jackie at jackiegrandy@comcast.net – please see volunteer information on back.
